## 2023 FUNDRAISING – FOR HANK'S SAKE

Horses and Libraries have partnered in the past, Hank the Horse™ and Tammi are traveling in the steps of the Packhorse Library program, a rich part of Kentucky's History. The effectiveness of this type of partnership was proven as literacy rates climbed in 1935 when the program was started to help children access books. For Hank's Sake is also opening a world of reading to children in need of hope for a better future. The foundation has been laid through the success of Hank's partnership with Kentucky libraries. Hank is stepping up the pace to get more books into the hands and minds of children everywhere.

Please make checks payable to: For Hank's Sake  
Thank you!
